

BIGGER

Who we are

United Workers Union is a powerful new union built from two proud unions coming together: United Voice and the National Union of Workers.

Our union is 150,000 workers across the country from more than 45 industries and all walks of life, standing together to make a difference.

Our work reaches millions of people every single day of their lives – we feed you, educate you, provide care for you, keep your communities safe and get you the goods you need. Without us, everything stops.

By coming together and taking action, we can transform the future for working people.

“

Being union means I'm more confident speaking up if I think something isn't right.

”

Mahani,
Farm Worker

STRONGER

Together we will...

GROW STRONGER

We know the bigger we are, the stronger we are, and the more power we have to make real change. Start by asking your workmates to join the union – **we are stronger united!**

TAKE ACTION

Together, we have the power to take action and make employers, politicians and decision makers listen. There are many ways you can get active – in your workplace, industry, online and in your community. Ask your delegate about getting involved today.

WIN BIG!

Throughout our history, we've shown when working people come together, we win. By growing stronger and taking action we will ensure good, secure jobs for members are here to stay.

UNITED

Jobs you can count on

Collectively, we fight every day to make a difference in people's lives.

We've seen CEO pay grow and company profits rise, while our wages are flat-lining and nearly half of us don't have secure jobs.

More and more, we're up against multi-nationals and conservative governments that attack the rights of workers.

As the United Workers Union, we are doing things differently – at work, at home and in the community – to ensure every member has a job they can count on.

“

As members, we are the union. We decide what actions our union takes.

”

Brody,
Patient Transport Officer

We're there for each other

Members are building a bigger, stronger union by:

“

As a union member, I'm making sure my voice is heard – to stand up for me and my workmates and demand better for all working people.
