UNITED WORKERS UNION:
WHO WE ARE

Our union is 150,000 workers across the country from more than 45 industries, standing together to make a difference.

Our work reaches millions of people every day — we feed you, educate you, provide care for you, keep your communities safe and get you the goods you need.

We organise in our industries to build power to win positive changes for workers:

DECENT pay and conditions.
SECURE WORK: Jobs You Can Count On.
DIGNITY and respect for all workers.
HEALTHY, safe and fair workplaces.
A FAIR and equal society.

By coming together and taking action, we can transform the future for working people.

Join your union at www.unitedworkers.org.au/join OR call our Membership Services Team on (02) 8204 3001
