

# I AM SIGNING UP TO BARGAIN AND **CHANGE** AGED CARE

I am signing up to bargain for a new enterprise agreement with my employer and present our demands:

A real fix for the aged care crisis.

Older Australians need a guarantee of care time.

We need one job for quality care.

We need a decent wage and recognition of training.

We need respect in the workplace.

I want to bargain with my employer  
for an enterprise agreement:
