Australian Immunisation Register.

COVID-19 digital certificate

Your COVID-19 digital certificate shows your COVID-19 immunisation details recorded on the Australian Immunisation Register. It will become available once you have received all required doses of a COVID-19 vaccine approved for use in Australia.

If you have a child under 14, you can view their immunisation history too.

For privacy reasons, anyone 14 or older can get their own immunisation history.

with one verified ID

Healthcare Identifiers Service Request an Individual Healthcare Identifier (MS003)

When to use this form

Use this form if you (or a dependent child(ren) under 14 years of age) need to get an Individual Healthcare Identifier (IHI) and:

- are not eligible for Medicare, or
- you are not eligible for a pension or benefit from the Department of Veterans' Affairs (DVA).

Individuals 14 years of age and over can request their own IHI using this form.

Important information

You will receive a letter to let you know the outcome of your application.

Healthcare Identifiers Service

The IHI Service is a system that provides a consistent set of identifiers for individuals and healthcare providers. Healthcare identifiers provide a way to match the correct record to the person being treated. This improves accuracy when health information is shared between healthcare providers.

The *Healthcare Identifiers Act 2010* is available at www.legislation.gov.au

Healthcare identifier

A healthcare identifier is a unique 16 digit number that is assigned and used to identify everyone associated with healthcare in Australia.

No clinical information is linked to the identifier. You do not need to remember your IHI to receive healthcare.

If an IHI is being requested for a person under 14 years of age, it will be created using the address of the parent or guardian.

My Health Record

A My Health Record is an online summary of an individual's health information. It can be accessed at any time by the individual and their healthcare providers. You can get a My Health Record after you get your IHI.

For more information about My Health Record, go to www.myhealthrecord.gov.au

Evidence of identity

You must provide 1 certified document from the Primary group or 2 certified documents from the Secondary group for each person applying for an IHI. The names in these documents must be identical. Documents provided must be current at time of application.

If you are attaching these documents, the copies provided must be certified. For information about how to certify documents, go to servicesaustralia.gov.au/hi

Primary group

- Australian passport
- foreign passport or travel document with valid Australian visa
- Australian driver licence
- photo identification card issued by the Commonwealth, state or territory government
- Australian birth certificate or birth extract

Secondary group

- Department of Foreign Affairs and Trade (DFAT) issued United Nations convention travel document
- foreign government issued documents (for example, driver licences)
- security guard/crowd control photo licence
- consular photo identity card issued by DFAT
- Australian tertiary student photo identity document
- Australian secondary student photo identity document
- certified academic transcript from an Australian university
- Australian bank or financial institution card
