

HAZARD REPORT

WORKPLACE: _____

DATE: _____

We want to be able to come to work every day and work safely. But problems in our work environment are putting us at risk. We are reporting the following hazards: (tick all that apply)

- Lack of effective control measures to prevent the spread of COVID-19
- Lack of genuine consultation about COVID-19 control measures
- Lack of, or incorrect, PPE
- Insufficient cleaning of workplace, including high touch surfaces
- No RAT testing of all persons entering the workplace
- Other (specify) _____

By reporting this we expect that our employer will promptly consult with employees about appropriate control measures and then swiftly put those controls in place – **as they are legally required to do.**

If our employer does not take prompt action to consult and control the risks then they are in breach of the health and safety act and will face further action from members, HSRs and the regulator.
